

Corero and CICS partner up!

Last month Corero Business Systems was delighted to donate £1000 to The Cochlear Implanted Children's Support Group.

The money raised will go directly to help children in the UK who have hearing difficulties. It will support children who already have implants and those who are considering cochlear implantation.

CICS provide first-hand experience of the impact of a cochlear implant, practical help, events and information, as well as news and support.

Established in 1993 and registered as a charity in May 2003, CICS is an entirely voluntary group run by parents who recognise that the group is independent and relies entirely on donations, grants, and fundraising efforts to cover expenses.

For more information on CICS please visit www.cicsgroup.org.uk or email info@cicsgroup.org.uk

Registered Office: P.O. Box 28843 London SW13 OWY
Registered Charity Number: 1097619

"It is great that Corero BSD are able to support such a worthwhile charity. The practical help CICS offers to families is so important This donation will mean a lot to CICS."
