

Threat Update Service* Advisory

Protection Pack 2014-01-31-01 Released January 31, 2014

Purpose: The Corero Security Active Response Team has issued this Prevention Advisory to protect customers against potential attacks targeting the Adobe Acrobat And Reader CVE-2014-0495 Memory Corruption Vulnerability.

Issue: A memory corruption vulnerability exists in Adobe Acrobat and Reader. This could allow an attacker to execute arbitrary code on the affected system via a specially crafted PDF file.

Recommended Action: Apply the specified protection pack (or any later one) and ensure the associated rule is used to inspect traffic to the affected product infrastructure.
