

**Threat Update Service\* Advisory**  
**Protection Pack 2013-06-11-01 Released June 11, 2013**

**Purpose:** The Corero Security Active Response Team has issued this Prevention Advisory to protect customers against known attacks targeting the Siemens Solid Edge SListCtrlX ActiveX Memory Corruption Vulnerability.

**Issue:** A memory corruption vulnerability exists in the Siemens Solid Edge SListCtrlX ActiveX control. This could allow an attacker to execute arbitrary code on the victim's machine and possibly take complete control of an affected system.

**Recommended Action:** Apply the specified protection pack (or any later one) and ensure the associated rule is used to inspect traffic to the affected product infrastructure.

<b>Issue Identifier</b>	BID: 60161
<b>Advisory</b>	<a href="http://www.securityfocus.com/bid/60161/discuss">http://www.securityfocus.com/bid/60161/discuss</a>
