August 1, 2023

Corero Network Security announces the end-of-sale and end-of-life dates for the SmartWall® Threat Defense System 220 (TDS220) appliance. The last day to order this product is January 1, 2024. Table 1 describes the end-of-life milestones:

Table 1. **TDS220 End of Life Milestones:**

Milestone	Definition	Date
End-of-Life Announcement	The date of the end of life product announcement	August 1, 2023
End-of-Sale (EOS) / Last Order Date	The last date to order the product. The product is no longer for sale after this date	January 1, 2024
End of Software Support	The last date for software support for the product – including; technical support, bug fixes, maintenance releases, workarounds, and patches for critical bugs	January 1, 2027
End of Service Contract Renewals	The last date to extend or renew a service contract for the product, up to the Last Date of Support	January 1, 2028
Last Date of Support	The last date to receive service and support for the product. After this date, all support services for the product are unavailable	January 1, 2029

Product Migration Options

The TDS220 will continue to be supported by SmartWall's management (CMS) and analytics (SWA) applications all the way through to the Last Date of Support.

During this End-of-Life period, Corero customers can seamlessly migrate to a software-only solution, using SmartWall's Network Threat Defense Virtual edition (vNTD) on their own server hardware, or upgrade to the latest NTD devices.

If you need more information regarding this announcement or your migration options please contact your regional sales manager, or Inside Sales at info@corero.com.
